

AIRBLAST

PERSONAL PROTECTION EQUIPMENT

The **A**rt of Powerful Cleaning...

The extensive range of Airblast personal protection equipment is shown firstly on the front page from top to bottom with the **CC20 respirator** used for paint spraying, cleaning, chemical, pesticide and pharmaceutical handling. Following on is the **Protecta blast helmet** with glass outer visor and latex cover. Next is the **Preventa economy blast hood** with glass outer lenses, followed by the mid-range wide view **Panorama blast helmet** with disposable polycarbonate outer lenses and in the main picture the top of the range **Airblast 88 helmet** with disposable outer lenses. All models are supplied with breathing supply hose, regulator and belt.

On this page at the top the range continues with the **Fresca** paintspray helmet with easy change visor, followed by the **Miniatura** paintspray hood with

pull-off visors. Below these are shown the **Climacon hot/cold air conditioning unit**, which clips to the operators belt and the hard wearing leather/cotton blast suit and gloves. Above in the middle is the **Airblast AC1000 cool tube** and in the final picture are the **Airclean breathing air filters** available in 1, 2, 3 or 4 outlet versions complete with heavy duty carrying handle. All models have quick change long life filter cartridges.

As a major supplier of personal protection equipment for the blasting and coating industry Airblast offers replacement lenses and filter cartridges for most makes of equipment.
